Bushwalking Guidelines.

Walkers should be guided by the directions of the Walk Leader. This means the walkers stay together to hear the directions of the Walk leader.

Walkers are each responsible for the walker directly behind them and should advise those in front immediately if the 'tail' is lagging for any reason.

A walk may be subject to alteration due to unforeseen circumstances. This can occur before and during a walk.

On Club walks, each person is responsible for his/her own safety. It is essential to be aware of your own limitations and stamina.

Bushwalking Grades.

Easy Relatively gentle grades and mainly good surfaces. Suited to most bushwalkers.

Medium Includes rough or steep sections. Could require some climbing over natural obstacles.

Hard Strenuous walks involving steep ascents or descents over rougher terrain. Suited to fit and experienced bushwalkers.
